THIS WEEK’S PROGRAM:

Club Assembly

Our upcoming meeting will be a Club Assembly, a dedicated time for members to come together and focus on the business of our own club. Assemblies provide the chance to step back from outside speakers and look inward at how we are doing, where we are headed, and how we can best serve our community.

We will review current and upcoming projects, discuss ways to strengthen our fellowship and membership, and make plans for events that will highlight Rotary’s impact in the West End and beyond. This is also a time for every member’s voice to be heard, so please come prepared to share your ideas, your concerns, and your vision for our path ahead.

Club Assemblies remind us that Rotary is not just about service in the community but also about building a strong, connected, and vibrant club family. Your participation matters. Whether you join us in person or online, your presence and participation make a difference.
